

Photo Legitimacy Statement

I, [REDACTED] took the four provided photographs on the ice adjacent to the USCG Healy with my personal camera (Sony Cyber-shot 7.2 megapixels) on August 18<sup>th</sup>, 2006.

**Timestamp Information:** The clock on my Camera was set to Central Daylight Time, and was approximately 3 minutes and 21 seconds fast (when compared to synched GPS clocks). I have corrected for this time error and estimated the time the photos were taken by looking at the properties of the saved file (specifically when the photograph was 1<sup>st</sup> modified) and give UTC time on the day of the August 18<sup>th</sup> (and technically the beginning of the 19<sup>th</sup>, UTC), 2006.

**Picture Descriptions:** I have included a total of four photographs that I took on the ice during ice-liberty. To my knowledge, these are the only photographs I took during ice liberty that included in them USCG divers and dive operations. All were taken before the dives began. The people are small and distant in the images, but the resolution of the photos is high, and zooming for particular details may be possible.

Photos in chronological order:

<u>Photo</u>	<u>Time (UTC): hours, minutes, seconds, Day</u>
#1. DSCO1459.JPG	23 h, 58 min, 8 sec (august 18 <sup>th</sup> )
#2. DSCO1468.JPG	0 h, 4 min, 57 sec (august 19 <sup>th</sup> )
#3. DSCO1482.JPG	0 h, 10 min, 25 sec (august 19 <sup>th</sup> )
#4. DSCO1483.JPG	0 h, 10 min, 33 sec (august 19 <sup>th</sup> )

Date August 21, 2006
